

our story

For over three decades, our acclaimed family-owned patisserie, Oasis Baklawa, have been creating luxuriant and delicious donuts. Our expertise combines the traditional with the original. We use the technique of long-established deep-fried dough and fuse it with a modern, atelier, street food aesthetic. (An atelier is an artist's workshop. You're welcome). We like to think of our donuts as visual and culinary masterpieces. Everybody has their passion, ours just happens to be donuts.

Made with only the finest ingredients, Oasis Baklawa offers artisan craftsmanship. We even take that passion for design and put it into our boutique stores. Guests visiting us will step into a donut heaven.

Our baking is displayed on elegant brass cake stands, and all is lit up by our extraordinary glass fittings, which are inspired by pâtissiers' piping bags. We're all about the experience. And the experience is donuts. If you don't believe us, you can watch them being freshly made in store.

Our vision for flavour and design is ever expanding. We have well-loved ornate signature designs, but as bakers, we always keep one eye on inspiration. Once you've tried a donut from Oasis Baklawa we doubt you'll ever look at regular donuts the same way again. With us you'll see more than a donut. You'll see a joy to be enjoyed.
